29th - 30th April 2016 - Bengaluru - India

Founder Committee

Dr.T.Naresh Row President
Dr.Nisha Khushalani Honorary Secretary
Dr.Paras Jain Treasurer

Dear Friends,

It gives me immense pleasure in inviting you to Bangalore to be a part of ADSCON 2106, the 8th annual conference of the Association of Day Surgeons Of India.

In today's times of changing practices in healthcare, Ambulatory surgery or the day care surgery is assuming prime importance. any speciality from the medical fraternity can adopt day care surgery concept for their suitable cases, which will ultimately reduce the cost of treatment and will avoid prolonged hospitalization & its problems. Short stay surgery is a very well accepted norm in most of the developed countries and has changed the entire health care delivery system. In USA 70% of all surgeries are Day surgeries. Even the medical insurance companies have now started encouraging day surgeries to a great extent. I am Sure Experts in their fields deliberating in ADSCON 2016 will go a long way in helping the medical professionals understand and adopt this concept in their day to day practice - Dr.Roshan Kumar.B.N

Information karnataka - Bangalore

Karnataka is a tapestry of colours, cultures, flavours, landscapes, timelessness and heart stopping beauty. It's a place where vibrant worlds seamlessly meld into one another every few hundred kilometers.

Sedate plains, dizzying mist covered hilly heights, white-watered freefall to become languid rivers that flow past cities where time has stopped altogether.

Bangalore city, is becoming a hub for day care surgeries, the city that never sleeps, has something to give everyone from shopping to temples to vibrant nightlife. Bangalore is the hub for IT and automobile industry. exotic day/short trips could be made from Bangalore which includes everything one could think of, be it forest, ghats, beach, or simply a pilgrimage trip.
